**RESPONSE TO RESTRICTION REQUIREMENT**

Dear Sir:

This is in response to the Office Action mailed January 17, 2003.

**REMARKS**

At page 2 of the instant Office Action, the Examiner has required restriction between two groups of inventions, namely claims 1 – 37, drawn to a scaffold material (Group I), classified in class 428, subclass 388; and claims 38 – 49, drawn to a method of making scaffold materials (Group II), classified in class 523, subclass 115.

Applicants respectfully traverse the restriction requirement. MPEP 806.05(f) sets forth an alternate test for determining whether restriction of claims directed to a product and a process of making the product presented in a single application is appropriate. According to the test, restriction between claims is appropriate only if (1) the process *as claimed* can be used to make
